## 5 Day Outback Silo Art

### Day 1: HOME TO ST GEORGE (L,D)

Once our coach is loaded, we're ready to begin our holiday. We make our way to **Warwick** where we stop for a guided tour of **Abbey of the Roses**, a beautifully restored former Our Lady of Assumption Convent completed in 1891. We enjoy lunch here with time to explore the beautiful gardens. Stopping in **Yelarbon**, we see the first of the silo art for the trip. The mural titled 'When the rain comes' depicts a young boy at play, cooling off in the Yelarbon Lagoon. In his hand is a paper boat that is set to float across the Yelarbon lagoon. The paper boat is made from historical newspaper remnants that were found in the old Yelarbon jail, symbolising the history of the region and the creativity needed to drive future endeavours. From here we continue on to **Goondiwindi** for our overnight stop. Before arriving at our motel, we see the impressive art work on the **Goondiwindi Water Tank**, depicting a water scene of the wildlife that lives beside the McIntyre River. This is also our stop for the night. *(Lunch at the Abbey of the Roses, dinner at the motel)*

### Day 2: Goondiwindi– St George (B,L,D)

Our first stop today is at the **Heritage Water Park** – this serene 210 hectare park is a good spot for spotting the native birdlife. We will also see in town the memorial to another famous resident, the great horse, **Gunsynd** – the Goondiwindi Grey! In the late 1960s and early 1970s Gunsynd had 29 wins including the 1971 Epsom Handicap and the 1972 Cox Plate and came third in the 1972 Melbourne Cup. Leaving "Gundy" now, we venture to the township of **Thallon**, where we see Queensland's first silo project, completed in just three weeks in July 2017. Working closely with the Thallon community including Indigenous members, the artists developed a design which aimed to celebrate and share what the community loves about their town and district. The final artwork **The Watering Hole** represents icons of the district including a majestic sunset, The Moonie River, Indigenous culture, wildlife and agricultural heritage. While here, we'll stop for lunch and also take a look at some unique street art; the Wombat Water Tanks and a peep at the Thallon Primary School mural. From here we head to St George for overnight. Perched on the banks of the Balonne River, St George is the perfect place to discover the local produce and stunningly fragile art. We take a moment to enjoy the artistry of Kevin Taylor as you behold the **Cotton and Transport Murals** before checking into our motel for the night. We have some free time to freshen up before dinner. *(Breakfast and dinner at the motel / pub lunch in Thallon)*

### DAY 3: ST GEORGE TO MILES (B,L,D)

Leaving the motel this morning, we travel via the Moonee Highway turning off at Westmar on our way to **Miles**, stopping along the way to enjoy our picnic lunch. Stopping at Meandarra we pop in to visit the surprising **Meandarra ANZAC Military Museum** with its collection of military memorabilia sourced over the past 30 years. The collections various ex-military pieces includes a Grant Tank, armoured personnel carriers, an allevated Canberra Bomber, 40mm Naval Twin Mount Gun and more. We continue on to **Condamine** stopping briefly to see a large replica of the Bullfrog or Condamine bell which stands in the Condamine Bell Park in the main street. There are plaques about the bell's history which record that in 1867-68 a local blacksmith named Samuel William Jones invented the Condamine 'Bullfrog' cowbell. It was made from either a cross cut saw or pit saw and tied around the necks of cattle and bullocks. The bells ensured the stockmen could locate cattle and even able to determine the distance of a bullock by the sound of its bell. It is claimed it could be heard from seven miles (11.2km) away! No wonder some of the cattle went deaf! From here we continue on to Miles for overnight. *(Breakfast and dinner at the motel / picnic lunch)*

### DAY 4: MILES TO MUNDUBBERA (B,L,D)

An early start today, as we head via Chinchilla, Mundubbera (we'll be back here this evening) to Eidsvold where we make a visit to the **Eidsvold Historical Museum**. At the **Big Mandarin** we view the lungfish and agricultural displays relating to the area. After a late lunch we head on to **Monto**. Here we visit the latest of the Queensland Silo art collection the **Three Moon Silo**, completed in 2020 depicting the Three Moons story, about the Gooreng Gooreng people and how they used to help farmers move cattle. Because they did not speak the same language, the farmer would tell them to 'come back in three moons'. The silo art depicts a portrait of this elder telling the story to his granddaughter who sits beside him in this huge mural. Venturing into the town of **Monto**, we'll take in the extraordinary **street art** including the Curious Cow, the legendary Cheryl and the Monto Water Tower, amongst others. We backtrack now and head to **Mundubbera** for our last night on tour. *(Breakfast and dinner at the motel / lunch in Eidsvold)*

### DAY 5: MUNDUBBERA TO BRISBANE – (B,L)

It's been a great uplifting trip highlighting country ingenuity using art and tourism to save local towns suffering drought and dwindling populations. Yet now it's time to turn our heads for home. Today is a travel day as we head to **Gympie** where we stop for lunch before continuing via the Sunshine Coast to home. *(Breakfast at the motel / lunch in Gympie)*

#### Inclusions:

4 nights Accomodation  
5 lunches, 4 breakfast, 4 dinners  
Attractions as listed in itinerary

*All itineraries are subject to change due to occasional restrictions. We cannot be held responsible for any changes due to closures, inclement weather etc.*
